

How Can We Achieve an AIDS-Free Generation by 2020?

Participate in the [Preparing the Future \(PTF\) HIV Educational Program](#), an interprofessional program available at University of Maryland-Baltimore

Open to Students, Faculty, and Staff

Over 2,000 UMB students, faculty and staff have been trained through this program

Be a part of this program to:

- Learn how to address the local HIV epidemic
- Incorporating key goals of the White House Office of National AIDS Policy's [National HIV/AIDS Strategy \(NHAS\)](#) into your future practice
- Discover interprofessional strategies to strengthen community & patient outcomes
- Take advantage of this classroom and hands-on curriculum designed specifically for health & human service professionals

Participants will:

- Learn local & national HIV epidemiological data can inform program activities
- Explore the HIV Care Continuum, barriers clients may face & our roles at each continuum stage
- Build your resume with NHAS verbiage provided after completion of the program
- Hear the human perspective direct from individuals living well with HIV

All courses are held on UMB campus
